

# November Newsletter

Hard to believe its already November. As the weather changes there's a few things we want to remind you of. When it's wet and muddy please send your child inside shoes, this helps keep our carpet clean and dry. Also please dress your child for the weather. For those days that are cold and sunny a sweater and a jacket might be a good option for the children who get hot quickly and want to take their jacket off, then they have a sweater to wear instead. Also please pack some gloves as it gets colder.

This month we are talking about Forest, Hibernation, Transportation, and Construction. While we are talking about hibernation we are going to have a Teddy Bear Picnic. On this day you can send your child in their pajamas with their favorite 'Teddy Bear' stuffy. It doesn't HAVE to be a bear but if you have a bear that would be great!

Hot Lunch this round is Little Caesars. Orders are due on November 15 and lunch will be served on November 22.

Thank you parents for keeping your children home when they are sick. This helps prevent germs from spreading and keeps us all healthy!

Please note that our lineup outside in the mornings has moved. The school is asking us to either go behind the kindergarten children (our old line up spot) or be in the open space they have created now towards the grass.

Also you will see a new face in the room Wednesdays and Thursdays (and any other time someone else might be away). Please welcome Tiffany to our classroom. She is a returning staff member from several years ago. She and her family have moved back to BC. We are glad to have her come back!

## Important Upcoming Dates

November 8– No Class

November 11– CLOSED—STAT

November 13— 4 year old

Teddy Bear Picnic

November 14— 3 year old

Teddy Bear Picnic

November 15– Hot Lunch
